Fairplay, <sup>Colo</sup> Sep. 1/15

Bro. Jackson,

Our Fair & Festival was held last Friday eve. We realized nearly 200. clear (187.00 exactly.) This was as well as we could expect & better than most expectations. This enables us to calcimine, grain & varnish our church & have something left to turn on salary.

The ch. is already calcimined & is being nicely grained so it will look very pleasant & neat.

I have just returned from Laryall creek. I have found several Presbyterians scattered around, of late, whom I am inducing to join our ch. here. Mrs. L. went with me we gathered a nice lot of berries & had a friendly time.

If the place of Presbyterian is decided inform me at once. Yours fraternally

The Rocky Mt. came  
last night full of rich  
news. I wish it could be  
just into every Presbyterian  
family between "Dan & Beech-  
Ba" — I shot off a small how-  
itzer in answer to Dr. Hill and  
the Ed. of the Banner, in their at-  
tack on the Secretaries Article  
in any no. of Recove. I don't  
know whether Allison will pub-  
lish it or not; if not we will  
tell it into the Ch. Church  
some of the other papers. I see  
the Evangelist goes for Presby in  
from a "neighboring City" in last  
week's issue. All we wish  
is agitation. There is nothing  
in Home Mis. matters so much

Much to be desired as "Asphyxia". The Calymans say it- kills Ralston. It will kill home missions if it- gets a grip. So I think it- a healthy sign to see methods of work conducted by Board, and manifesto of Sec's critique. I feel that the Board's policy, own integrity, enterprise and loyalty will bear criticism, and if there is not virtue enough in 12000 persons of N. M. to defend them, one pony of every pony outfit- to be broken off, and be taught to pray the Lord for a field of missions -

Our school opens splendidly - between eighty & ninety pupils yesterday - while we will have 125 this session -

Are you making your calculations for Oct. 1st & 2<sup>nd</sup>? Our plan now is to have our Communion entertainment on Thursday eve. Oct. 14<sup>th</sup> at 8 P.M. or if you can get home until that eve. at 9 P.M. Presbyterian Friday eve. our installation Sunday Oct. 17 - we expect you to come in people - Bro. McMillen to preside dinner, service to music & lit. to cheer passing - I think that will be best. You know this people pretty well - Bishop Knows me, from 5 yrs contact in class room -

What about Bayou? Is it to be or not to be! That is the question? Regards to Mr. Jackson - Wake up yr mind to share the work with us when Pres. meets -

Yours truly

Rev. Sheldon Jackson D.D.

Dear Brother,

At a meeting of Los Angeles Presbytery last week authentic information was placed before that body to the effect that Rev. Mr. Barron of San Francisco, now agent of the Congregational Home Missionary Society for the Pacific Coast was perfecting his arrangements to visit Prescott, Tucson & other points in Arizona early in November and if not before for the purpose of organizing churches & otherwise extend the Congregational work.

gationalism in that  
Territory. At the same  
time a copy of the minutes  
of the last General Assembly  
was received from which  
we learn that Arizona is  
taken from this Presbytery  
& added to that of Utah -  
& hence is now properly  
under your care -  
Had this action not been  
taken by the Genl. Assembly  
we should have  
at once sent an agent  
into that field & have  
saved the place men-  
tioned to our Church -  
We are the more anxious  
that this should be done from  
the fact that a number  
of our best Presbyterian  
families are now on  
their way to that Territory

& others expect to fol-  
low very soon - Then  
from the intercourse  
we have hitherto had  
with those acquainted  
with them we are assured  
that the predominating  
influence ought to be  
Presbyterian. Presbyterian  
families are settled in various  
places from the middle  
& Southern States. They  
do not readily enter  
other Churches - & are hoping  
& praying for ministers &  
pastors. Hitherto we in  
Southern California  
have been too weak to  
render them any aid  
We are growing stronger  
& just when we might  
have begun to look after  
that field it is taken

from us - But we  
shall not complain  
if only it is promptly  
& properly cared for -  
Can you not go to  
Prescott at once & plan  
a church there?  
Our Presbytery passed  
resolution recommending  
the Stated Clerk to write  
you on the subject -  
but since I learn he  
has severe affliction -  
in his family & may  
defer writing - Dr Scott  
who is now with me  
from San Francisco  
advises me to write  
at once as I have  
done - Should Rev.

be able to write  
you in time to enable  
you to reach Asigona  
before Mr Warren  
We have long known  
Mr Warren as a per-  
sistent, watchful

alist. He has organized  
Congregational Church  
repeatedly out of Pres-  
byterian material.  
You need not depend  
upon Mr Fraser who  
is our District Secretary  
of Home Missions. He  
will not go. As things

is saved at all to  
our Church. You  
must do it. & there  
is no time to loose.

not a day -  
It is a richer mining  
region than Nevada.  
As soon as the Rail  
Road penetrates it will  
fill up with multi-  
tude of enterprising  
people. If our Church  
is there to welcome  
them they will cluster  
about it - if not they  
will go to other de-  
nominations - Will  
you go at once? Can  
we assure our families  
that they will not  
be neglected & turned  
over to other - but

that they shall have  
the gospel in its purity  
& simplicity from those  
of their own faith &  
Church?

We all feel deeply in  
earnest - really anxious  
& hope you may be  
able to rear the  
standard of the Cross  
by means of our Church  
in that new & distin-  
guished field.

May God guide & strengthen  
you & protect you  
in this enterprise -  
I shall hope to hear  
from you & of your  
success at an early  
day. Our Synod next  
the 5<sup>th</sup> of October -  
May I then be able  
to report progress - at

least that you  
are on the way?

Yours truly -  
A. G. White.

Warren has promised  
to take two or three  
ministers with him  
or have them follow  
him at once - can  
you do as well?  
If not organize the  
churches & appeal  
to the young men east  
Organize them, secure  
the field - Do this  
at all hayards -

Dear Bro Jackson -

I send you a few items for you - next number of the Presbytery. Our Session has received three members on profession of their faith and three on certificate since last communion. We have renovated and calcined our church and raised the money for a new S. S. Library.

At Rawellins we received two on profession of their faith, on last communion, and one more will join. Providence permitting, on my next visit. The Sabbath School there has received a beautiful library, of our Board, from the 13th Street church, New York - Our congregations, in our union, remain unchanged by the advent of ministers now to all the other churches - Indeed, they and the S. S. are

increasingly interesting -

I will send you an article suggested by the piece headed "Where are the men", in your last if you have room for it -  
I am quite anxious to see you as I have some matter to talk over that I can not well write about -

If it would not be too much trouble I wish you would send me, on a Postal, the time and place of the next meeting of Presbytery of Lynd -

Kind regards to Mrs. & C. L. Green in the gospel.

Dear Bro. Jackson,

At last I send you the letter - such as it is - for your paper. I have not waited till I was well, but have written it between fevers. I do not aim to get over the dumb ague - or enter into his fevers, or whatever it is. I have filled all my appointments except two here in S. City, and have been obliged to omit for a month my two farther stations. I hope soon to be filling all my appointments as usual.

I feel somewhat discouraged about a church organization. The old man I was speaking to you about - over on the Gila - worked

on Sunday and they tell me  
occurs occasionally. There are  
not over two or three who are  
what they ought to be as church  
members. — Others who would  
probably come in, ought to be de-  
siplined from the very outset.

Perhaps its best to try them. However,

Great excitement over election.  
Mass meetings are two Sunday  
nights in succession. Only two out  
to preaching.—

I would prefer my name  
should not be attached to the letter.  
Let it be as I have written it—  
"By a Home Missionary." I will try to  
send you various items and incidents  
as they may come up.—

Hope you are all well—  
I think this region far from healthy.  
A good many have been sick lately.  
Kind regards to your family. Very truly yours  
John G. Curtis.

Dear Bro. Jackson -

I am glad you published  
names of Miss Hale's class of bays  
who contributed study horses.  
Thanks for publishing our ar-  
ticle. I've mailed the R.M.P.  
to about 15 parties. A. E. Reed  
is not in this country, so you  
need send the paper to him airm.  
That Reed shakes his <sup>head</sup> doubtfully  
over the problem of the R.M.P.  
away off in the state of New York.  
I so interpreted the postals - in  
processing it.

Our S.S. was organized with 41 last  
Sat. expect more next.  
We have 4 different S.S. papers.  
See Westminster Lepson League.  
It meets with great interest.

Added 4 heads of families down  
church last Sat. 3 ladies and  
one gentleman. 3 of them by  
letter - and one - midwife of  
the gentleman who gave us the  
church lot on Columbia Ave -  
our examination.

J. J. Cooke (the Shelter man)  
from N. Y. City - here on business  
gave me \$100. towards church  
Erection. we have 4 names now  
on Subs. paper for \$100. This paper  
at present is designed for private  
circulation among wealthy visitors  
that way Cooke's suggestion - who  
leads with \$100. cash. A desire  
for ch. building is growing in the  
community. we foster it. we  
hope in God's good time to call the  
meeting.

Got 6 fine books from my choir

we have Bd. Publ. House

Sunday School Collections.  
"The Spcion" is Superintendent  
of our School.

Wif Hale has not written  
me an answer to either of my  
letters as old "Boy" - a disease.  
we are anxious about the former.  
It ought, if possible come early in  
fall.

House still in stable -  
and no money I travel on -  
not half enough for fair living.

Mrs. Harley is to teach "Infant  
Claf" of S. in our parlor - and  
sing with them - she also sings  
with larger ones on Tuesdays.  
She cant get about much.

That Article from the Aug.  
"Record" - "Robbing Paul & Pay Peter"  
is suicidal - contrary to

principle of Benevolence.  
Prefers a better cure always  
than retrenchment. There is  
that scattereth and yet increas-  
eth. Retrenchment is the sin  
of disassembly - and has caused  
our Ch. so that she has "P.

the last year ever since Remon-

Rev. Sheldon Jackson, D. D.,  
Denver Col.

Dear Bro.

At the called meeting

of Los Angeles Pres. to install  
Dr White as Pastor of Pres. church  
of Los Angeles, Aug. 3<sup>rd</sup> <sup>last</sup>,  
this subject was considered  
viz that Dr Warner, Dist. Pres.  
of the Congregational church  
of Cal. intended visiting for  
the purpose of organizing  
Cong. churches, Lucedale,  
and Prescott Arizona, either  
the 1<sup>st</sup> of Oct. or Nov. next.  
But as you stole a march  
on California at last assembly  
and had Arizona transferred  
to Colorado Synod, our Pres.  
could do nothing in the matter.

Dr Scott of San Francisco, where Dr Warren lives, urged Pres. to have the Brethren write to you to visit these points immediate and organize Pres. Churches there, before Dr Warren goes and organize Cong. Churches out of Pres. material as done elsewhere. A number of members of Pres. Church here have moved to Prescott. I now write to urge you to visit these points immediate and occupy them for the Pres. Church.

Rev. Dr White was duly installed Pastor of 1<sup>st</sup> Pres. Church of Los Angeles, Aug. 29<sup>th</sup>. Rev. Dr W. A. Scott of San Francisco, by invitation, preached the sermon and gave the charge to the Pastor making the installation prayer. Rev. John Marquis, the Mod. presided proposing Constitutional questions, and Rev. J. M. Allis, Pastor of Anaheim Church gave the charge to the people. Revs. King, Moshier, and McFarland,

Members of Pres. And Rev Dr. Luedke, of Meth. Church South  
and Rev. Mr. Packard Pastor Cong. church took part  
in the exercises. The Good Templars Hall, where the church  
holds their services, was crowded to overflowing with  
deeply interested congregations morning and at night.  
The sermon was preached in the morning and the installation  
at night. Dr. White is doing a good work in Los Angeles.  
This you will fully believe when, one year ago, the church  
gave him a call promising him if he would come and  
take charge of the church \$500 - and \$1500 from the  
Board. At the expiration of the year, they made him up  
by subscription \$1500 <sup>receive the board</sup> agreeing to be \$500 of the \$2000 -  
in the call for the first year, and now is fully installed.  
Not many churches can do better than this. Some 18 were received  
into the church on the morning of the installation. Many of them  
by profession. But my sheet is about full. Do not fail to  
visit Luedke and Prescott Arizona as soon as possible.

I may write you again in a few days. My health has  
greatly improved since coming to Cal. Glad to hear of the prosperity  
of Santa Fe Pres. Kind regards to Mrs. Jackson and your dearest D. J. McFarland.

P.S. Please find enclosed my

Rev G. W. Jackson D.D. Denver Colorado Sept 1875

You told me to tell the Board or yourself what  
expenses I had incurred for the work of the church.  
I have been obliged since you were here to have work  
done which the interests of the church required, and  
for this also the Board ought to pay. I enclose items.

the boys of the town. They have stolen all the fruit;  
Now, that wall and the fence have succumbed to  
rain and wind - fallen flat. Gen'l Smith has con-  
tracted to have a good paling fence, high, close, and  
sharp, built. Cost \$150. 00. He engages to raise  
one hundred dollars here in Santa Fe, for the fence,  
and enough beside to fit up an additional room

\* It <sup>may</sup> cost me much more. I will learn to-morrow, & place the figures in the state

in the parsonage for Mr. Daniels, and he says that in all justice the Board ought to give him the balance needed for the fence - fifty dollars - And I say too that it ought. He will have raised for the improvement of the property not less than Eleven-hundred dollars within eight months. He has already raised and expended nearly a thousand. The Board ought to endorse his work by giving the small sum he asks. —

Now I do not want the money to come from the ordinary Contributions to the Board, which is pressed already too severely with debt. Nor do I wish anything done for us without the full knowledge and consent of the Board. You asked me however, in your kindness, to give you my statement, and I, only because I can not afford to bear these expenses myself, gratefully comply.

As soon as possible I will write the description of our religious processions.

I like your suggestion about a spring meeting of Synod. —

With affection and esteem,

Yours paternally,  
Ch. G. Smith.

Many little repairs I do not mention. I shall be abundantly satisfied with the payment of the items given.

Denver Missionary Agent

I came to this part of Kansas May 5<sup>th</sup> 1872, when there were  
neither roads, houses, nor farms and settlers scattered along  
creeks only. The prospect was indeed gloomy, and especially so  
for a Presbyterian church. I found a few Presbyterians at  
Gaylor to whom I preached once a month for a while  
in a store. At Smith Center we had at that time no place of  
worship, so I preached in a grove where at the close of service  
I stood almost ankle deep in mud. My congregation numbered  
twelve persons counting infants of which Kansas is very prolific.  
I organised a church at S- with three members. I have received  
into this church seventeen members in all. We have now in  
this county three churches, viz; at the above two places and  
Cora. At the last named we have taken steps to build a  
church the coming year and having a membership of however  
six, to which we hope to add in a few weeks. Here the  
preaching of the gospel has produced a marked change.  
My field of labour extends in a direct line over 90 miles  
by 30. ninety miles by thirty, having and in which  
we have five organised churches. and several other  
points where I expect to organise soon. During the last  
five months I have received into church membership  
thirty one persons, eight being in profession. I have never  
seen the time when people ~~were more~~ ~~ever~~ desired  
the pure gospel more than now. Truly, the harvest has  
come, but where are the reapers? May the Lord make haste  
and send them. Churches are making a great mis-  
take when they send their poorest preachers to the front.  
This may have answered in former days but it will not  
do now for we have a population here that has been

used to hearing men of talents and unless a preacher can  
instruct them they prefer to stay at home.  
A few words as to the kind of men we need. First men  
who shall teach the people in their daily walk and convo-  
cation, as well as from the pulpit.

Dear Dr. Jackson;

Complete prostration since my severe trip to the Sevier Country has prevented my writing earlier. I have however met my appointments regularly. I dont want to lose the momentum I have gained.

During my absence I visited eleven towns and settlements..- but two - viz: Monroe, in Sevier County and Marysvale, in Piute County - offered encouragement. These are beginning to see the dawning. All the others are in midnight darkness - thick gross darkness that might be felt if their enslaved hearts had any feeling.

Monroe has about 1000 inhabitants - one half of whom are liberals.

Here I found two gentiles, one of whom - an old English lady, is an Episcopalian. - the other, her son, like the liberals generally are, has no religious faith. They with all the liberals, received me cordially and visit them and labor with them as much as possible. Though in the midst of harvest, a crowded congregation attended my preaching. They are clamorous for a school but are extremely poor. I am sure there is not enough money handled by the entire community in one year to pay the salary of an ordinary teacher six months.

One of the leaders of the liberal party, an ex-Mormon Bishop, who offered me the hospitalities of his house

and every possible encouragement, said to me at parting - "Now if you can find a teacher that will take his pay in pumpkins and wood send him along". That community would sacrifice more for the ordinary means of enlightenment than any community East of the Wahsatch mts. I promised to spend a week with them this fall, but the intense heat, - the clouds of *Solaratus* dust, - the bad water, - the numerous Cimices lectularii and other pestiferous creatures, - And the severe horseback ride of 160 miles completely prostrated me, so that it has been and seems that it will be for some time to come impossible.

At Marysville 15 miles south of Monroe there are 15 or 20 families - all liberals but one family.

them are - 1 Presbyterian and several Canadian French Catholics. That is - they remember that at some time away back in the almost forgotten past they were, for some reason not now apparent, partial to those denominational names. One of the Catholics whose wife had just died invited me to preach the funeral sermon which I did. I have a cordial invitation to visit them again.

Last Sabbath for the first time I attempted a Sabbath school 20 scholars were in attendance. - three times as many as I had any reason to expect. I was Supt. Chorister, Sec. Librarian and teacher. The library consisted of a package of "S.S. Visitor" and some "Westminster Session Leaves."

On Monday the fall term of

my school opened. My teacher promises to be an efficient and valuable aid. She will help me in Sabbath School.

If I go east what favors can I get from the Rail Roads? I have  $\frac{1}{2}$  fare from Ogden to Omaha. If they will pass me free the money saved shall go to the mission work here.

I wish you could visit this thorny part of the vineyard.

Love to all

Yours fraternally  
D. M. C. L.

I have been intending to write  
you more often the last few months, but every  
letter has seemed to bring on much to do, as to  
lead me to put off thinking there was no  
hurry. Now, as the call for names for books  
begins to come in, I thought best to write  
at once, that if there are any (doubtful)  
likely cases, you would send them. I got one  
yesterday from Mrs. ... the other day, but  
she does not definitely think me, as  
well there are two or three very won-  
derful books. They ought to be in there  
several rather than soon to very helped.

I think the ladies with no work are cases of  
Sicknes - if your children & wife are dead then  
there needs to be at once to help without  
wasting time. Some times out sweet times  
& they were always turned to me. Perhaps  
this was not right, but it is always natural  
to look for the most needy. Some either  
seemed as if they were willing to take or to thank  
those who were willing to give -

You sent me the name of a person who did  
not like to hear, not being very bright, let me  
time to offer her as a teacher. If true  
was a person of the right sort, who could  
go to the Manches & see. In fact in a  
devout & wise hymn do I wish the  
to get some one to provide a teacher - but  
it ought to be just the right one

he could not offer much. I could not pay up  
fines from me down. I question whether  
the lady went back to the man content to  
down & live there. If like I would feel  
she could do a good work. I shall be  
here & in Selkirk. Then the work of man  
civilization is to be accomplished in these  
sheep. If there is any place for carrying  
rest to her, in regard to increasing the  
interest in our home fields I should  
be well to have you do so. As soon  
as the ladies return to the City, it is  
our purpose to appoint one wholly  
to stir up interest in that direction;  
so that my suggestion, now for  
what we shall be, the objection

As Mrs Joe Meeks is on by side, but I

from you at the early day. Do you know  
if Miss Mary Updell has any place  
to go when she would be adapted?

Dear Bro. Jackson,

I got yours of the 11<sup>th</sup>.  
last night. Many thanks  
for your kind offer. I have  
submited it to the other  
Spirits, and they authourize  
me to make you the following  
offer: - \$100. down on receipt  
of organ - and the other \$100.  
within six months. Possibly  
we can pay you all or part  
of remainder before the 6 months.  
And we want the organ any  
how! But you can appreci-  
ate our situation. we need  
an instrument badly. Consider  
your offer most opportune - for  
we learned this morning of our  
not being able to get horses we

we have been using you more,  
or at least not longer than we  
can get you here. We desire  
not to push the people too much -  
over \$200 has been added to  
my salary in Larb Mouth - it  
now amounts to \$530. per an-  
num - we are starting our  
S.S., and we desire to raise  
a set of organ by Concerts and  
lectures which it is our purpose  
to have this winter. The Seafair  
pledge the payment - and if  
they fail, I never do - I pledge  
it.

So please ship immediately  
on receipt of this. I shall  
look for it in 10 days a fortnight.  
Send me here in case of  
Field and Hill - Peeble.  
You cannot tell how provident  
is your offer was. Our choir

had just been recognized - our  
Ch. just started - when we learned  
of objections & meeting when we  
have for practice & because it  
disturbed old lady of house &c,  
so when we get organ we can  
meet at place of ch. meeting - dis-  
turb nobody - remove all objection  
create interest on part of Chori -  
and induce the people & church -  
the need of a better instrument has  
been felt &c.

So do not fail us.  
Accept our offer if you can  
at all - if not send it - and  
dictate your terms -

Yours fraternally

Rev. Sheldon Jackson D. D.

Dear Brother,

Yours of the 9<sup>th</sup> inst  
is before me.

I am truly sorry that the  
prospects of our Church are  
so deplorable in Arizona -  
The Com. of P. M. in our  
Presbytery were arranging with  
a minister to visit & organize  
Churches there when we learned  
that the Genl Assembly had  
taken that field from us. We  
felt that we had no au-  
thority to extend our work into  
the bounds of your Presby-  
tery & abandoned the enter-  
prise. Soon I learned of

The designs of the Congre-  
gationalists & when  
our Presbytery was last in  
session August 28<sup>th</sup> the  
whole subject was discussed.  
It was decided that we could  
do nothing further than  
to write you & our States.  
Clerk was directed by resolu-  
tion to do so. As he was not  
present the brethren after  
the adjournment of Presbytery  
wrote to write so as to have  
them.

Since I have a reliable  
confirmation of Warren's  
intention to occupy Arizona  
early in November or  
before. In organizing Con-  
gregational Churches there  
he will use almost wholly  
Presbyterian material -  
which we ought to have.

The time is past when  
this Presbytery can  
do anything for Arizona.  
We could have saved it  
had we known your  
views in July or the  
first of August. It is  
now too late. We have no  
men to send. Within two  
or three weeks past one  
of our important churches  
San Diego has become  
vacant. & owing to the death  
of the wife of another of  
our ministers the church at  
Anaheim is likely to be vacant  
any time. We need all our  
men & more too. You  
must save Arizona if it  
is saved at all & our church  
we can do nothing. The sooner  
you go or send some one  
there the better. Do not be

itate a moment -

At the Home Mis-  
sions - our zeal has been  
very much cooled by the  
course taken in giving aid to our  
Churches. Many applications  
have been rejected & of those  
granted. not one has been aid'd  
to the amount asked. Generally  
a reduction has been made  
from one fourth to one half.  
& even <sup>more</sup> ~~less~~. & not a word of  
explanation given. or a reason  
offered. In most cases not an  
expression of sympathy has been  
made. This course seems unfeeling  
& arbitrary. The result is destruction  
to our gratitude & our interest in  
the Board. Personally I would  
oppose any extra effort to  
raise funds to be doled out to suf-  
fering - to its Churches. & to earnest  
bel & denying ministers in such a

spirit. We ought to have  
men at the head  
of that Board who have  
large hearts & a proper  
respect for the opinions  
& feelings of their brethren  
men who are in sym-  
pathy with the wants of  
the struggling element  
in our new settlement.  
I do not wonder the Board  
is always in debt. It  
ought to be if it cannot  
be managed in a more  
Christian spirit. For  
one I shall see that  
the contributions of the  
church of which I am  
pastor are applied when  
needed without passing  
through the treasury of a  
Board that has no heart.  
And there are others who

feel very much as  
I do -

I would not write  
thus but from the clear  
conviction that a great  
& noble cause is being  
abused by those who  
should be its friends.

You have moreover assumed  
to be its champion in the  
West & have a right to know  
these things -

Trusting that God in his  
own time will rectify all  
the defects in the means of  
carrying on the cause I  
remain

Yours truly,  
H. G. White

Mr. Lin: Yours of 25<sup>th</sup> rec'd

remarks. This com-  
munity is peculiar and

Denominationally speak-

some of Presbyterian & Pres.

and likewise of Episcopal.  
My religious education,  
imperfect as it was,  
was in the Presbyterian  
faith; although to be  
honest with you, I go  
much more on the  
man whose actions  
are Christian in char-  
acter and inacted by  
the principle of right,  
than upon any creed. Of  
course, I think that  
the many-minded people  
of earth, sects are al-  
most a necessary; but  
this place, a minister of  
any protestant denom-  
ination would be rec'd  
kindly and have a cer-  
tain decided support, pro-  
vided he is a discreet

observer; understands men and their surroundings and treats them accordingly; does not try to drive or effect a complete reformation at once; deal as a leader not driver; not place creed either prominent or in any way conspicuous. It would, in my opinion be nothing to a minister's detriment here, to have it distinctly understood that he is a Presbyterian, Methodist, Episcopalian or Congregationalist - so he act as before stated. A distinct or pronounced society of either sect here, ~~would~~ <sup>would</sup> have little substantial or moral support, and either wanting a failure would be quite certain. & Rev. G. A. several years of failure

Dear Jackson.

Bro McFarlands  
letter recd which I enclose.

The attitude of the California  
brethren seems a little comical.  
They seem to lay on thin card  
entirely as regards Arizona, until  
Dr Scott comes along and tells them  
that Mr Warren is going to do mis-  
sionary work there - when at  
once they are very earnest  
and write most energetically  
to us to take the double quick  
for Arizona and out-flank  
Warren.

— Well - I am some better  
but not well enough to go yet  
and have the want to, with

I have been using means of my own  
here and am in debt some besides  
- I feel that I cannot afford to  
pay the extra expense of a month  
or two in Tucson. I find the expense  
will be about the same whether  
I go on buckboard or horseback -

The expense of keeping horse there  
would make it about the same

Unless some of those good people  
from reached Tucson from Cal.  
I have very little hope of effecting  
an organization in a short time.  
A person would have to be there  
some time to see what kind of  
church members there are, if  
there are any at all who would  
wish to go into a Pres. Organiza-  
tion. - I judge in this way  
by what I have heard. Still  
it might be better than I suppose  
- In my inability to go there

at once, I have written Mr. White  
of Los Angeles to instruct the  
man they send to Prescott  
to go on to Tucson, telling him  
the distance was shorter and  
communication better between  
Prescott & Tucson than between  
her & Tucson. I told him of my  
rickness &c and urged him to  
see at meeting of Pres. Oct. 5.  
that some one was sent to both  
places and asked him to write  
to me of their action at once.

I have written to two persons in  
Tucson for information and have  
sent a notice to the Tucson paper  
inviting correspondence from mem-  
bers of Pres. or other protest  
church relative to church name  
& prospects and stated in the  
notice that <sup>the</sup> Pres. Board of Home  
Missions was desirous of sending

over to Arizona to places where  
they were needed and would  
be acceptable to the people. — This  
paper has an estimated circulation  
thru the Territory and I think this  
notice will let Presbyterians know  
that they are being thought of  
and will be looked after and  
supplied with ministers, &c —

I shall have time to pass from  
Tucson and see White before I  
am able to go, and can judge  
a good deal of the prospect —

The way matters are developing  
I think Arizona belongs naturally  
to Cal. and I am glad you  
gave them liberty to work in  
Prescott, and I hope they will  
look after Tucson also. I will  
do the best I can. I should like  
much to go over to Tucson and  
see what there is there. I don't  
think anybody will have any  
great success there for a while at  
least. It is mostly a Mex. town  
and has over 800 Americans they tell me.

start of us. If we lose a few -  
we can console ourselves by the  
thought that we are building up  
him - or trying to - on a Methodist  
and Episcopal foundation. -

The large emigration from  
Cal. puts a different phase  
on Arizona - both as to the ne-  
cessity of more immediate action  
and as to the proper way to reach  
them. It would seem very natural  
for the Cal. Presbyteries to follow  
up their own members. Tucson  
trades with Cal. and it is easier  
communication between Cal. &  
Arizona in great part than between  
N. Mex. & Arizona. If the Cal.  
brethren had only known of  
the transfer sooner and informed  
us of the onset of his. Warren

and said "had him off" before this and told us about the ~~immigration~~ of Presbyterians - we could have made a better showing. As it is I almost regret that the transfer was made - though it may be all for the best.

Railroads will be built into Arizona ~~before~~ from California before they will be from this way, and our men in ~~the~~ Arizona could get to Presbty. Meetings &c easier by going west than coming this way.

Still if we can get the men there at work, that is the main thing.

I will do the best I can as to Tucson. I have not the means by me now to go there but hope to have soon.

Rej<sup>st</sup>. letter rec'd.  
Bro<sup>r</sup> White comes greatly  
in earnest. I think  
I will write him or Strong  
or both. Now I am situated  
with reference to Tucson  
and if they send an agent  
to Prescott to have him  
come on to Tucson. The  
conveyance from Prescott  
to Tucson is easier and  
better and the distance a  
little shorter than from here  
to Tucson.

I trust it will all  
work out for the best  
interests of Zion and if  
Bro<sup>r</sup> Warner helps the  
cause of Christ any in  
Arizona, he will be doing  
a good work in a very  
nasty place, and in case

rejoice at it.

What has become  
of our former organizations  
at浦斯茅斯?

I understand they have  
Methodist and Baptist  
preaching there. —

Remember me to Mrs. Kendall

Dear Mrs. Jackson:

Nothing was done at meeting at Presbytery as regards my troubles at Carbon Well, much as we are in need. I am not at all disposed to manifest the spirit of our good brother Thompson, even though we lose the three hundred dollars. But we are in no way prepared to encounter such a loss, even though we are willing to lose all for the excellent riches that are in Christ Jesus. Our mission is not to murmur, but to preach the gospel & trust, knowing that the Lord will provide. He has promised good concerning his children, & it is not in our hearts to distrust.

You have promised to try to help us. You have already done much. And it does seem too much to ask you to do more. Oh what a blessing is the bearing of burdens in this mission work.

if we be one in Christ, seeking his glory.

We are now about to take active measures for our church at Longmont. Much obliged for your church plan through Bro. Mc Milan, just in time for our meeting yesterday. All are delighted with it: "just what we want" said Buckingham & Coffin.

You had before sent us the specifications on a roller, but we had not till now noticed the beauty of the building. Work will now be commenced in a week, & we hope to be able to go on right to completion. And then when we have completed we will be prepared for earnest & independent work.

Dear Jackson

What do you think  
of this? If you like  
it, let me have a copy  
so I can get it into  
them with your name  
any offer I receive  
I will forward.

Womoy comes a  
little man early  
this evening.

Yours truly

Dear Jackson -

I am very sorry we  
cannot see you before  
you are off. I don't want  
to apply to Congress  
after your departure  
so soon lest you should  
have left. You would  
probably fail to make  
any impression in those  
cases. I doubt if it  
is wise for you to think  
so far off as Pittsburg  
so soon. But you may  
do as you please if you  
bring it.

Enclosed please find

programme or Plan  
of operations by Mr.  
Warren, look it over  
& see what you think  
of it.

Mr. Graham will  
not yield his ground.  
We must go on without  
her.

We have abridged  
Circulars, Reports  
use them only -

Yours truly

H. Kendall

P.S. Mr. Warren the printer  
has the types for the Circular  
still standing & will keep  
it up till the year next

I propose this -

1. Leave off all the 15  
pages & take the last  
leaf.
2. Put on appropriate  
heading - bring up  
Harrison's Work - the  
3. At the end of that  
put in a sketch  
how far cedar goes  
in.
4. Leave the tabular  
School walls &c.  
you will  
(over)

be written out  
place to Mrs. Hawe,  
when done with it  
give it to John Pei-  
sey to take home to  
Mr. Roberts -

If you can get back  
2000 or 3000 of the  
ones which nos. for No-  
men & S. Schools if  
you want -

If you prefer as it is  
now so have & add  
as many as you want

Dear friend  
Here is my next  
letter. It is longer than  
usual, if that is so. I  
should be obliged to open  
correspondence with  
Dr. Garrison, Geneva  
Syndicate about the most  
eligible point to be taken  
up. He don't want to make  
any mistakes. But we  
are willing to spend in 2 or  
3 or 4 men to labor among  
the native population at  
the first place of their own  
choice, & we want to  
take possession as the first

Read and acted  
Besides we must have  
men & women to go in to  
say, & leave us the Queen  
& his son. We need to  
move carefully & nicely  
& so as not let us much  
too soon - I do not say  
that with regard to France  
that I have any, for we do  
not think France in a good  
position But get all the  
letters you can from  
these men about France  
& let us have them - Then  
may say to them we do not  
know if we can find Queen  
Marie Sophie - but if we can  
we are ready to begin such a

want to be the next Record.  
I expect to go up to New  
Orleans next week - How  
would I come off for  
Helena meantime? I had  
rather leave him there  
a few days from the Secu-  
lars if you will let me - Go  
to the bottom of ~~the~~ right!  
If you get to New Or-  
leans tomorrow tell him who  
you may apply and calculate  
on sending him to Carson  
& Clark - If you hear of a  
good wife place us right  
by that I am now that  
W. and B. and wife settle

The new work that  
you must be on the  
same front-

With as much  
as we have all been  
it self to stop-

You must name the  
names of from the  
number of men for  
mission-

Yours truly

N. Kendall

of what the Board  
will settle down to namely -  
a continuation of the con-  
gregational organization, a -  
lmost to get the Board to do  
by a little about it of the last  
Meeting, Hastings, John  
Hall-Benton was with but  
I think he goes - too - they  
say - as you can see that an  
other organization had needed  
more freedom, they think it  
better to organize, put up  
a new in the new the alone  
of all these steps & steps -

## Home Missions.

The work of Home Missions, <sup>in our first</sup> has kept pace with the growth of the <sup>natural</sup> church. The ~~existing~~ Patriotic party have combined for the purpose of civilizing, <sup>and</sup> organizing this great country.

23. Centre St. N.Y.

Aug. 30. 1875.

Dear Bro. Jackson.

We have had an interview with Mrs. Graham & have found her unwilling to yield & we have thought best to wait till the ministers get back to the City, & we can confer with them, before we take any other steps.

But we want you to come East & make a campaign first among the Synods & then in the cities & working the matter up. We would like to have you visit as many of the Eastern Synods as possible & if it comes convenient to be

at New-York - New-Jersey - Al-  
bany & Baltimore Hornsberg  
& Phil- or Pittsburg Central &  
Western M<sup>t</sup>. all well - as many  
as possible & as far East as pos-  
sible, other things being equal  
for her is the money - After  
the Synod we must move a-  
mong the masses - stirring up  
the women in city & country in  
this great work. & if we cannot or-  
ganize as we would we must work  
as we did last year only more ex-  
tensively & more vigorously.

We wish you to confine yourself  
before the Synod, to the Woman's  
Work & the Sabbath School Work - &  
leave the general missionary  
appeals to others or to themselves.

But press home on them this  
one feature Woman's, Children's  
work for the women & children  
on Home Miss. fields -

Dr. D. & myself will prob-  
ably be West in the Synods  
from about Oct. 1. or a little be-  
fore till they close, & may not  
be able to see you - but when  
the Synods close we get back  
to the Office we shall want a  
conference with you & lay out  
our work for the remainder  
of the fall, the early winter.  
I think you had better make  
your arrangements to remain  
East, if need be, till the Holi-  
days, perhaps longer. Of course  
we cannot determine at this  
distance before-hand but as  
we propose an advance move-  
ment our only safe course is  
to push it with all our might.  
We shall probably get out a

circular to the Women on the  
whole subject inclosing  
box as re. re.

We shall try to push the  
idea of last year, to have the  
ladies take up the same mis-  
sionary they did last year & keep  
him on hand if he this family  
prove satisfactory year after  
year.

Our financial condition  
is alarmingly low. But we have  
no idea of being cast down or  
thrown into despair. We must  
push forward & see what a year  
will bring forth.

The Committee on Institu-  
tion expect to meet in our  
Office Nov. 11, 1875. After  
that we shall know more about  
that cause than we do now.  
Set us hear from you.  
Yours truly H. Knell
